

Peregrine Distribution Services Signs New Client

Peregrine Distribution Services™ (P.D.S.), a division of Williston, VT based Peregrine Outfitters™ has signed its newest client, Fluid Kayaks of South Africa - manufacturers of some of the most advanced kayaks available. According to Bob Olsen, President of PDS, they will provide warehousing and order fulfillment services in support of Fluid's U.S. sales operation.

Peregrine Distribution Services™ (P.D.S.), a division of Williston, VT based Peregrine Outfitters™ has signed its newest client, Fluid Kayaks of South Africa - manufacturers of some of the most advanced kayaks available. According to Bob Olsen, President of PDS, they will provide warehousing and order fulfillment services in support of Fluid's U.S. sales operation.

"We're all very excited about our move to P.D.S. Our customers can rest assured that shipping and receiving in North America will run smoothly and professionally." Celliers Kruger, Managing Director

Olsen looks forward to supporting Fluid as they expand their U.S. sales. He says, "Fluid is rapidly growing their brand here in the U.S. and we are anxious to facilitate their growth."

Peregrine Distribution Services™ provides warehousing and back-office services for companies within the outdoor industry looking for a turnkey solution. P.D.S. began operation in 1999 as an outgrowth of Peregrine Outfitter's 20 years of rapid order fulfillment and award winning customer service. They maintain warehouses in Williston, VT and Ogden, Utah.

P.D.S. provides warehousing and order fulfillment services for Julbo Inc., AKUTM, MacPac, Orikaso, Guyot Designs, and a number of other clients.

Fluid Kayaks has been building some of the most advanced kayaks on the planet since 2003. On Fluid products you will find no gimmicks, just pure functional design blended with pleasing aesthetics, to give you the taste of unlimited fun. Fluid is situated in the small town of Parys in South Africa, right next to the Vaal River. Designs are tested on Africa's bigger and scarier rivers and the Indian Ocean. Attention to detail and stringent quality control, from the raw material supply to final detail, assures confidence in our products.
